Lao Zi Dao De Jing

There is a semi-useful (because only 54% of distinct words were transcribed) ebook with each line followed by Random House Webster's Unabridged Dictionary transcriptions. I'm confused since a long time why a real transcribed word list (7300, 0000) didn't exist, maybe I'm a little fish.

pronunciation dictionary with ALL english words is not created by the english-linguists and available to the billions of people! How nice and beneficial for every english-language-learner this could be! What a wide-spread ignorance of LANGUAGE, and what a baby/omian-disorder!

Ebook of Lao Zi - 54% transcribed(6547 out of 12013 distinct words), contains 42 translations in 1 layout, 3827 A4 pages, 30,055,079 bytes.

CRIME! In April 2008/4 months after launching, and with humble 122 backlinks) www.sanmayce.com reached position #1 in Google when searched string was 'book of lao zi'; few weeks after that www.sanmayce.com/ was no more in search results - only some sub-pages. I CALL THIS UNFAIR. It is clear to me: Google removed deliberately my site for no reason(Oh, I forgot: interferred interests of some moneymakers) - I didn't do anything wrong(I like creating false backlinks etc.). SO, If anyone says: "Google likes fair users", I say "I don't like Google - it is against a free & beneficial ebook web-site".
